Dear Clerk,

Re: Nicolaison v Johnston # 21-cv-1417 (PJS/WCW)

I have receive numerous letters of instruction from the Clerk in regard to the filing of this 42 USC 1983.

I initially filed with the Court 2 complaints, with 13 exhibits in support, that included the video "Country Music" that is the subject of the constitutional complaint.

I had included a Marshall Form for service, as well. The Marshall form was returned along with a July 12, 2021 letter from you saying "Your application to Proceed in Forma Pauperis is still pending... You do not need to submit a U.S Marshall Service Form unless our office sends you a letter requesting that."

I next received an Order signed by Magistrate Elizabeth Cowan Wright dated July 29, 2021, that the Court had Granted in forma pauperis, and denying Appointment of Counsel.

In a notice of electronic filings of June 17, 2021, indicated that "No Summons" had been requested. I did in fact submit a Summons with the original filings to the Court. [See: enclosed copies of filings].

I am including another clean copy of the summons for service.

Until the complaint is served by the Marshall, I am unable to proceed for relief. I am having a hard time understanding what the problems are? The fact that I am acting pro se, in the past the Court would assist in perfecting the service, such as creating the SUMMONS, and mail the Marshall form for service. As I indicated, I did include a Marshal Form with the filing of which was returned, with direction that until your office sent to me a Marshall form, it would not be served.

Will you please have the complaint and it's attached exhibits in support. I sent 2 copies of the complaint with the exhibits to your office, One was intended to be served by the Marshalls upon Defendant Johnston, and the other was for the Court files.

I would have called you, but the institution telephone service here, is automated, and will not put through to an automated answering service, which I believe is intentional to deprive me my Right of access to the Court. I was told, the we must write. It is questionable as to why you and MSOP place these road blocks in our access to relief.

Sincerely,

Wayne Nicolaison
